TITANIC

"In every age mankind attempts to fabricate great works at once magnificent and impossible..."

In April 1912 over two thousand people set sail from Southampton aboard the largest moving object in the world, the RMS TITANIC, headed for New York City. Just days into the maiden voyage Titanic collided with an iceberg and the 'unsinkable' ship slowly sank with the loss of 1517 men, women and children. The sinking was to become one of the most famous and tragic disasters of the 20th century.

Maury Yeston and Peter Stone's masterpiece musical **TITANIC** focuses on dreams and aspirations of actual people aboard the 'ship of dreams'.

TITANIC won five Tony Awards on Broadway in 1997 and enjoyed a hugely successful revival in London in 2016.

Southern Light, the company that brought *Oliver!* and *The Wizard of Oz* to the King's in recent years to great acclaim will take you on an unforgettable emotional journey in 2017. Sail on...
